Ok- It likely won't be right at 8:30 given his usual AM transportation. When I chat with him are there any alternate times you would prefer we aim towards?

Best,

KS

Good Morning Jennifer,

His day is mostly open at present... What time slots would you prefer for the video remarks?

Best,

KS

Video might work. Let's see what we might arrange. I think the meeting is a turning point for exposure science and would love to share my perspectives.
